<p>Please provide any comments you may have: I really do want to thank you for everything you did for us Dustin! First from even having the willingness to work with a couple that are on a budget. To then putting in every effort to make our day spectacular. Mitch was a wonderful DJ, he did everything right that night. Because of how late we were to our own wedding reception we had some trouble getting people to stay late and even dance. Especially since the bride isn't a dancer! :) But everyone really enjoyed themselves no matter what, and that's what counts! Thank you also for stopping in, it was a nice surprise to see you that day. You have great follow-up and even better customer services skills! Again I appreciate everything that you and Mitch did for us. Thank you for everything!!! ps...hopefully your still in business in 50 years so you can do our golden anniversary party! I'll pass your number on to my kids before then! :)</p>
